After the success of the Exception Tronçais, Vicard decides to expand its range and launch the Exception Bercé, a limited edition 100% oak from Bercé (Jupilles).

A TRIBUTE TO OUR ROOTS

This exceptional barrel was designed in honor of Paul Vicard, grandfather of Jean-Charles Vicard and founder of the cooperage in 1925. Specializing in the creation of homogeneous and reproducible products, Vicard thus created "the exception that proves the rule" by launching this 100% Prestigious Forest limited series.
